

L965E gas fireplace shown with castlestone brick panels.

Elegant Style, Controllable Heat

Creating an elegant focal point is easy with the Regency Liberty® L965E. This clean face fireplace keeps the focus on the fire with one of the largest viewing areas available in the Regency line. The L965E permits finish materials to be installed to the edges for a pure, unadorned appearance. An adjustable burner system allows the flame to be controlled for mood and comfort from a roaring fire to a gentle glow all from the convenience of a hand-held remote control.
